- I enjoyed your video I love your Walmart pics

-Thought this was all Walmart items ?? When I clicked on a few of the items it took me to Amazon

-Thank you Sara for sharing all your great finds, makes my shopping at Walmart so much easier! :) I have to say that I love that you take the time to make such nice videos, makes me want to watch the ads so you are compensated for the work you put in to your videos!! Hope you have a wonderful thanksgiving! :)

-Love your videos! I jumped on Walmart for Black Friday because of some of the great deals you mentioned. I ordered two of the Beats by Dre headphones for my sons. Only one pair was delivered which I have video proof of. I spent over two hours with customer service just to be told they could not replace or refund the item. Kisha from Account Review told me my only option was to dispute the charge with my credit card company. Their customer service is ridiculous. They had great deals, but I'll be going back to Amazon unless this gets resolved. Their customer service is abysmal. Thank you for all that you do to share good deals!

-Thank you for information about Walmart. Your videos are great!

-because of this video I was able to score the big thing on one of my families list in the AirPods Pro at Walmart. Was so stoked for the savings! Thank you!

-A 9mm is strong enough to penetrate a Black Bear's skin, ribcage, and then rupture internal organs, but definitely not enough to stop it dead in its tracks as you said. Bears are simply too OP. Sloth bears from the Indian subcontinent are my favorite because of how aggressive they are. Sloth bears view humans as potential predators, as their reactions to them are similar to those evoked in the presence of tigers and leopards. Their long claws, which are ideally adapted for digging at termite mounds, make adults less capable of climbing trees to escape danger, as are other bears such as Asian black bears. Therefore, sloth bears have seemingly evolved to deal with threats by behaving aggressively.

Walmart was founded by brothers Sam and James "Bud" Walton in nearby Rogers, Arkansas in 1962 and incorporated under Delaware General Corporation Law on October 31, 1969. In 1970, they had 38 stores operating with 1,500 employees and sales of \$44.2 million (over 350 million in 2023 money). It began trading stock as a publicly held company on October 1, 1970, and was soon listed on the New York Stock Exchange. Sam's Club was founded in 1983

-Coincidentally that the first time I drive myself to Walmart is the day that another amazing People of Walmart video is posted, thank you for the images and everything you do.

-Walmart wirkt generell schon weird...
